

National Data Sharing Agreement

The purpose of this document is to define the person(s) or group(s) that are permitted to access the data submitted from the country defined below to the RES-Q Registry.

The person(s) or group(s) defined in this document will be permitted to request, view, and disseminate data exported from the RES-Q registry on behalf of the country defined below.

By signing this document, the person identified below as the “National Coordinator” agrees that:

- 1. They have the right and authority to act on behalf of the specified Country and all sites participating in RES-Q from that Country with regard to sharing of the data entered into the RES-Q Registry.**
- 2. They permit the party(s) identified as the “Approved Data Partner(s)” to request, view, and disseminate the data entered into the RES-Q Registry belonging to the identified Country.**

Data Sharing Agreement

Country (please list the country which the data will originate from):
